

# AUDA StreetScape Update November 16, 2011

## CONSTRUCTION PROJECT UPDATE

From November 16th-23rd, please anticipate construction work to continue between Elder's Station & Pine Street on Lincoln Way. Hansen Brothers is scheduled to complete the striping on Wednesday. Capital Improvements will be replacing a tile in front of the State Theatre this week.

The new streetlights have been installed and energized. AT&T is scheduled to be complete with their undergrounding on November 22nd and will remove four poles at the time of completion. The remaining

poles will be removed after Wave Broadband completes their work on December 2nd. The landscaping will be completed once all the poles have been removed.

Please anticipate some delays on Lincoln Way. We regret this inconvenience and ask our residents, businesses and visitors to be patient and considerate during the project. The construction will occur over the next month.

Please remember that businesses are open during construction and there is public parking located on Lincoln Way near Elder's, near Depoe Bay and off E. Placer St.

More information on the Streetscape Phase II Project can be found online at:
